

The organizers of the conference Contemporary Mathematics in Kielce 2020 warmly welcome all the mathematicians interested in that field to participate in our meeting. The conference is hosted by the Jan Kochanowski University in Kielce, Poland and takes place in the period from June 24 to June 27, 2020.

The main purpose of the conference is to stimulate the exchange of new ideas in algebra, topology and geometry, and to celebrate 50 years of the Jan Kochanowski University. On the occasion of the jubilee, we plan to remind the brightest moments of mathematical research and education in Kielce.

The conference will be divided into two parts - the anniversary and the scientific. The first one gives the opportunity to meet many of the former and the current employees of our Institute. The second, provides the space for scientific discussions at four thematic sessions, that is Topology & Algebra, Analysis, Geometry and Didactics.

INVITED SPEAKERS

- Antonio Avilés
- Krzysztof Ciesielski
- Adam Idzik
- Wiesław Kubiś
- Michał Wojciechowski

SCIENTIFIC COMMITTEE

- Taras Banach
- Marek Balcarzak
- Jerzy Kąkol
- Paweł Krupski
- Witold Marciszewski
- Piotr Niemiec
- Grzegorz Plebanek
- Piotr Zakrzewski

ORGANIZING COMMITTEE

- Szymon Walczak, PMP
- Magdalena Nowak
- Barbara Wodecka
- Elżbieta Zając
- Monika Pawłowska

KIELCE 24-27/06/2020
